Summary of Work Experience

Mr. Tomy Cyriac has a Post-Graduate degree in Economics. He has a varied experience in areas and fields related to Traffic & Transport Planning, Urban Planning, Management, Project Development & Management, Financial Analysis & Resource Mobilization, Development Plan Preparation, Land use and Development Governance and Policy Advisory. During his 27 years of professional career, he has been involved in several large-scale and multidisciplinary projects in Traffic and Transport planning, the areas of Urban Management, Transportation Planning, Land Acquisition and Financial Analysis. He has been also working on Comprehensive Development Planning including preparation of development planning standards, and traffic plans.

Earlier, he has worked on several assignments, which aimed at improving city Management and service delivery of several local bodies. The range of tasks managed included strategic planning and resource mobilization for local bodies for

developing projects with private sector participation, implementation of city level infrastructure projects. He was also consultant to the Finance Department of the Govt. of Kerala for Externally Aided Projects. He was involved in initiating Kerala State Transport Project (KSTP), Technical Member Kerala Sustainable Urban Development Project (KSUDP), Inland Water Transport Projects, through Inland Waterways Authority of India (IWAI) for National Waterway No 3 and Nodal Officer, Kochi Metro Rail Project with a prime responsibility of coordinating a high tech project with an expected investment of Rs.2,000 Crores.

Further, he was working as a Technical Member (nominated by the Government of Kerala) involved in guiding the Asian Development Bank (ADB) assisted consultancy study for the preparation of the Kerala Sustainable Urban Development Project (KSUDP) for the five Municipal Corporations in the State. He has been involved in assessing current infrastructure levels in the project towns determining the need for infrastructure rehabilitation and/or augmentation, project structuring project financing, recommending institutional framework for project implementation and project risk analysis and environmental assessment.

Mr. Tomy Cyriac is currently serving as Technical Officer, KSUDP Project with a prime responsibility of coordinating the road and transport component of the project and also the IEC activities. He also served as Information Education and Communications Manager of GA (MGPM) Department of Govt. of Kerala with a prime responsibility of managing ADB assisted Modernizing Government Programme and implementation of the Service Delivery Project of Government of Kerala.
